Current US clinics offering ARC^{EX} as of September 2025

*The ARC^{EX} System is intended to deliver programmed, transcutaneous electrical stimulation in conjunction with functional task practice in the clinic to improve hand sensation and strength in individuals between 18 and 75 years old that present with a chronic, non-progressive neurological deficit resulting from an incomplete spinal cord injury (C2-C8 inclusive).

Cleared for use in the United States and in Europe. Please refer to the indication for use / intended purpose, which may differ. ARC^{EX}, ARC^{EX} logo, ONWARD[®], ONWARD[®] Medical logo, and O[®] logo are proprietary and registered trademarks of ONWARD Medical.

Unauthorized use is strictly prohibited. © 2025 ONWARD Medical. All Rights Reserved. 2025038A

uwharborview.org**Important Notes**

Evaluation required: Each clinic will perform an evaluation to determine whether ARC^{EX} Therapy aligns with your personal goals. The center will guide you through what is needed for your visit.

Treatment planning: Your ARC^{EX} Therapy plan may include multiple sessions and follow-up visits. Your rehabilitation professional will tailor the plan based on your needs, progress, and response to the therapy.
